## **Hearing Loss and Veterans**

The VA Schedule of Ratings Disabilities shows that mild or moderate hearing loss can range from 0% to 10%, while severe hearing loss may range from 30% to 50%. Veterans who have trouble understanding speech due to service-related injuries resulting in hearing loss are eligible to download and use InnoCaption at no cost.

## **No Cost to Users**

InnoCaption's service is offered free of charge to people who are deaf or hard of hearing and want to use their own voice to talk, but need assistance in understanding the other party on a call. Our service is funded and administered by the Federal Communications Commission through the Telecommunications Relay Service.
