

Red-Carpet Treatment!

Much more than a no-cost phone.*

When you recommend CaptionCall, your patients will enjoy:

- Free delivery
- Free installation
- Free hands-on training
- Free, ongoing customer support

We take all the stress out of getting started.

Installation and Training

Our friendly CaptionCall Trainers personally deliver and install the phone for your patients. They also provide hands-on training—all at no cost! We don't leave their home until they are comfortable making and answering calls.

Quality Employees

You will also appreciate that all our Trainers are CaptionCall employees, not contracted labor, to ensure red-carpet treatment for each of your eligible patients.
